ROBBIE LAMMAS: 'IT'S US OR LABOUR'

The choice here in the Wallasey Constituency is between Labour or the Conservatives. The smaller parties are too far behind and can't win here.

In recent elections, only the Conservatives or Labour have been elected in the Wallasey constituency.

In May 2023, Labour's candidate in Wallasey was elected by just 56 votes over the Conservatives. Reform came last with 89 votes but those votes meant Labour was elected.

Across Wirral, and Merseyside, Labour is in control. They have the most council seats. The Metro Mayor is Labour. The Police & Crime Commissioner is Labour. A vote for the minor parties helps Labour to win.

Sadly, Labour is once again taking this election for granted.

Instead of offering a plan for the future, they are talking about the past.

New Conservative Candidate, Robbie Lammas, is urging people in Wallasey

New Conservative Candidate, Robbie Lammas, is out and about across Wallasey, Upton, Saughall Massie and, here, Moreton. The election on Thursday 4 July is between Robbie and Labour.

not to waste their votes on the smaller parties who can't win here: "It's not a protest vote, it's a wasted vote."

"The Greens, Brexit Party and Liberal Democrats received so few votes in 2019 that they lost their deposits."

"In Wallasey, if you want your vote to make a

difference, only a vote for the Conservatives will send a message to Labour.

"Keir Starmer knows that every vote for Reform will help his candidates to get elected and will help him to get nearer to Downing Street."

Only a vote for the Conservatives can stop that.

“

Labour's taking this election for granted. Use your vote to send them a message.

OUR PLAN FOR A SECURE FUTURE...

- 1 NO INCOME TAX ON STATE PENSIONS**
- 2 100,000 NEW APPRENTICE PLACES**
- 3 CUTTING TAXES FOR THOSE IN WORK**
- 4 EXTRA CASH FOR SCHOOLS AND THE NHS**
- 5 MORE POLICE TO TACKLE CRIME**
- 6 DEPORT THOSE WHO ARRIVE ILLEGALLY**

SEE INSIDE

A record of action and the promise of more...

724 MORE POLICE

At the last election, we promised to recruit an extra 20,000 police. And we have. Here in Merseyside, there are now 724 more police than five years ago. The result, says the independent Office for National Statistics, is that crime has fallen to the lowest level on record.

VOTE BY POST? MAKE SURE YOU READ THIS...

At the last election, some postal votes were received AFTER the day of the election.

To make sure your vote is counted, please send it back as soon as it arrives.

If you're unsure how to complete the form, call 0151 691 8046 for help.

£28M TO IMPROVE A&E AT ARROWE PARK

The new Accident and Emergency Unit opens this month after £28 million was awarded by the Conservative Government. This is the biggest single investment at Arrowe Park since the hospital was built. It means a better service for those in need.

GREEN BELT AT RISK

While Conservatives locally are fighting to protect Wirral's Green Belt, Labour and Keir Starmer have said they will relax planning rules so that more Green Belt can be built on. Developers have already submitted proposals for 1,000 more houses around Saughall Massie.

NEW SCHOOLS AGREED

More schools than ever before are rated as good and outstanding. At the same time, the Conservative Government has said that Riverside Primary School in Seacombe and Mosslands School in Wallasey will be completely rebuilt, meaning better conditions for learning and development.

£100M FOR WIRRAL

Conservatives have pumped money into regeneration schemes in Wirral - more than £100m so far. The work to reverse decades of neglect around Wirral Waters is underway and £10m to try to reverse the decline of Liscard has also been granted. We must ensure the Labour Council does not waste this cash.

A VOTE FOR REFORM = A VOTE FOR LABOUR

Every vote that goes to one of the minor parties - Green, Lib Dem or Reform - helps Labour to get into Downing Street. Splitting the non-Labour vote isn't a protest vote, it's a wasted vote. All the polls say Reform won't win a single MP at this election.

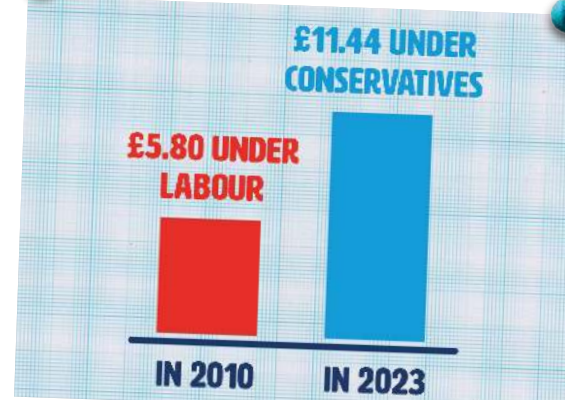

WIRRAL'S FIRST BANKING HUB ON THE WAY

Banks are a vital part of the High Street. Labour bailed out the banks with billions from the taxpayer. Yet many parts of Wallasey no longer have a bank. However, thanks to work by Conservatives, Wirral's first 'Banking Hub' is opening in Moreton.

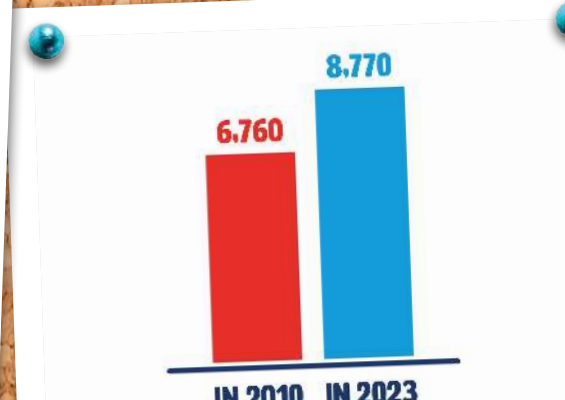

Robbie is an all-year round campaigner - he is a strong believer that MPs and Councillors should keep in touch with their communities on important issues.

MAKING WORK PAY

While wages are, at last, rising again, those on the lowest incomes are being given extra support to make sure work pays. Conservatives raised the National Living Wage to £11.44 an hour. National Insurance has also been cut for 29 million working people and we'll go further, if re-elected.

2,000 NEW BUSINESSES SET UP IN WIRRAL

Since 2010, the number of businesses in Wirral has risen from 6,760 to 8,770, creating new jobs and apprenticeships. Now that inflation is falling, we will reduce taxes on business and jobs, and make it easier to get back into work.

If you can lend a hand during this campaign or in future, you'll be part of a growing team...

Here, Robbie meets with Gwen, in Wallasey Village. Gwen is one of 18,000 pensioners in Wallasey who will benefit from our plan for a new Triple Lock Plus on pensions.

18,000 WALLASEY PENSIONERS HAVE A CLEAR CHOICE...

At the last election, Conservatives promised to protect the support given to pensioners. People who have worked their whole lives, who have raised families and have contributed to our nation's success must be given support when they retire.

Since we introduced the 'Triple Lock', the State Pension has always risen by the same as prices, wages or 2.5%, whichever has been higher each year. This has meant the State Pension is now £3,700 higher than when Labour left office.

Now, we're going further. The rises in the State Pension mean that by 2027, it's predicted pensioners will see their incomes rise above the threshold for Income Tax. Under our new plan for a 'Triple Lock Plus', we'll make sure no pensioner has Income Tax deducted from their State Pension.

And, as we have seen at every recent election, Labour tries to scare some of the most vulnerable pensioners into voting for them. So, let's be clear: the State Pension is safe. So are Winter Fuel Payments, bus travel and NHS prescriptions. Under Labour, pensioner poverty in the UK was the fourth highest in Europe.

Upton Post Office, on Ford Road, is one of two branches which Post Office bosses have said will not re-open - Robbie and the Conservatives will keep pushing for Upton and Wallasey Village, to re-open.

BACKING OUR LOCAL POST OFFICES...

Post Offices, like banks, are a vital part of a successful, thriving high street.

Between 1997 and 2010 more than 7,500 post offices were closed by the Labour Government.

Since 2010, extra support was provided to the state-owned Post Office, meaning the closure programme was stopped.

However, here in Wirral, three branches have been closed by the Post Office, unrelated to the Horizon IT scandal.

So far, Conservatives have secured a commitment to re-open Saughall Bridge and we continue to push for Wallasey Village and Upton to reopen.

NEW CONSERVATIVE CANDIDATE GETS TO WORK

Following the 'snap' election, local Conservatives in the Wallasey Constituency have nominated Robbie Lammas as candidate for July 4.

Robbie, 30, was raised by his single-parent mum and grandad, who served in the Second World War. He attended his local primary school, where he benefitted from free school meals.

He passed the 11+ and attended his local grammar school. He went on to obtain a first-class degree in Geopolitics from Royal Holloway University in 2015, the first in his family to do so.

New Conservative candidate Robbie Lammas with fiancée, Leah, who is training to be a vet.

our plan

for a secure future for you, your family and our country

Thank you to everyone who we've spoken to so far in this election campaign

1 The economy is getting stronger as we deal with the effects of the pandemic and Ukraine.

So far, inflation has more than halved, mortgage rates are starting to come down and the economy is growing. This means we can reduce taxes.

2 The first flights to Rwanda are booked so that illegal immigrants will be deported.

Other measures have seen the number of small boat crossings fall last year. 135 small boats were seized and 246 people smugglers arrested.

3 Independent reports have shown that crime is down to the lowest level on record.

As we promised at the last election, we've recruited an extra 20,000 police, including 724 here in Merseyside. An extra £18 billion is being spent on tackling crime.

Thank you also to everyone who has volunteered to help us

4 Our security is at risk from international criminal gangs, Russia, China and Iran.

In order to protect our United Kingdom, we will increase defence spending to 2.5% of GDP. We'll invest £4.5 billion in drone technology.

5 Our NHS has 45,911 more doctors and 75,263 more nurses since we were elected.

In 2010, under Labour, spending on our NHS was £131.8 billion. Now, with the Conservatives, this will be £182.2 billion next year. Waiting lists are coming down.

6 90% of schools are now rated as good or outstanding, up from 68% under Labour.

Since 2010, an extra 27,000 teachers have been recruited. We're investing more in teaching and supporting children with special educational needs.
